📍 Lancaster Gate Hotel - Hyde park, London

Testimonial

The course delivered everything. Putting the skills, I learnt into practice has added real value to the department, increasing understanding, quality of training decisions and overall collection performance. I would recommend it to anyone looking to increase their abilities and understanding of key issues relating to Credit Management, without having to study for a prolonged amount of time.

Matthew Wright - Centrica

10n Turn your challenges into success stories.
